MODERN WATER CREATES NEW SALES POSITION IN CANADA

Modern Water plc (AIM:MWG), the owner of leading water technologies for the production of fresh water and monitoring of water quality, has expanded its North American sales team with the appointment of a Regional Sales Manager in Canada to further drive sales activity within the country.

Jerry Ponikvar joins Modern Water from Kontek, a process water management company, where he was a Sales and Marketing Engineer. Jerry has a wealth of sales and marketing experience in a number of companies in the water industry in Canada and the USA as well as a bachelor degree in Mechanical Engineering and a Masters degree in Business Administration.

Modern Water’s Vice President of Sales, David Miller, added: “We are delighted to welcome Jerry to the Modern Water team and look forward to benefitting from his extensive sales experience in the water treatment and filtration industry to grow our presence in Canada.”

Notes to editors

Modern Water owns, installs and operates world-leading membrane technology and develops and supplies advanced systems for water monitoring. Its shares trade on the Alternative Investment Market of the London Stock Exchange.

Modern Water has a sales presence in almost 60 countries. The benefits of its patented forward osmosis (FO) technology include lower energy consumption and lessen environmental impact in a variety of industries. The Group’s Monitoring Division includes a leading real-time continuous toxicity monitor and trace metal analysers for monitoring the quality of drinking water.
